

DANOTHERM ELECTRIC A/S

18. January 2022

REACH conformity as of January 2022.

Danotherm Electric A/S is fully aware of the requirements of the REACH directive for Down Stream users and importers.

As the list of SVHC substances is updated we will provide the relevant information according to Article 33 to our customers, if substances are found in concentrations bigger than 0.1 % by weight.

To the best of our knowledge none of our products contain any of the 223 chemicals on the SVHC candidate list published 17 January 2022.

It is our intention that nobody should experience any problems with the supply of products from Danotherm Electric A/S now or in the future.

DANOTHERM ELECTRIC A/S

Tom Clausen
Quality Manager.
